PUBLIC SERVICE ELECTRIC AND GAS COMPANY
RETAIL MARGIN CUSTOMERS BY SIZE

QUESTION:

For each category below, for customers subject to the retail margin if they remain on BGS, please provide: total number of customers, customers served by TPS, total PLC, and PLC obligation for customers served by TPS.

PLC

- 1500kw and above
- 1000 - 1499kw
- 750 - 999kw
- below 750kw

ANSWER:

PSE&G customers in rate classes that are eligible to pay the retail margin are: HTS (High Voltage and Sub transmission), LPL-Primary, and LPL-Secondary customers accounts with peak load allocation of 750 kW or greater, and customers that volunteered to be served under BGS-CIEP. The classification of customers for these rates is shown below.

Peak Load Allocation	Total Number of Customers By Rate Class and Supplier Type							
	Rate HTS		Rate LPL-P		Rate LPL-S		Total
