Kristi Izzo Secretary of the Board Board of Public Utilities 44 So. Clinton Ave., 9th Floor Trenton, New Jersey 08625-0350

Dear Secretary Izzo:

Enclosed for filing on behalf of Jersey Central Power & Light Company ("JCP&L"), Atlantic City Electric Company ("ACE"), Public Service Electric and Gas Company ("PSE&G") and Rockland Electric Company ("RECO") (collectively, the "EDCs"), please find an original and ten copies of revised tariff sheets and supporting exhibits to update the initial filing made by the EDCs on December 20, 2013 in the above-captioned docket (the "December 20, 2013 Filing").

The attached updated tariff sheet sheets and supporting exhibits listed below incorporate reductions resulting from the revised tariff submitted by PSE&G under PJM's Open Access Transmission Tariff on December 13, 2013 in Docket No. ER14-621-000 and accepted by the Federal Energy Regulatory Commission on January 15, 2014:

- Attachment 1 (Derivation of PSE&G NITS Charge)
- Attachment 2A (Pro-forma PSE&G Tariff Sheets)
- Attachment 2B (PSE&G Translation of NITS Charge into Customer Rates)
- Attachment 3A (Pro-forma JCPL Tariff Sheets)
- Attachment 3B (JCPL Translation of PSE&G Transmission Enhancement Charges into Customer Rates)
- Attachment 4A (ACE Pro-forma Tariff Sheets)
- Attachment 4B (ACE Translation of PSE&G Transmission Enhancement Charges into Customer Rates)
- Attachment 5A (RECO Pro-forma Tariff Sheets)
- Attachment 5B (RECO Translation of PSE&G Transmission Enhancement Charges into Customer Rates)
- Attachment 6A (PSE&G Project Charges)
- Attachment 10 (PSE&G FERC filing formula rates)

The EDCs reiterate the requests for approval set forth in the December 20, 2013 Filing as if incorporated herein. In addition, the EDCs respectfully request that the Board: (1) issue a waiver of the 30-day filing requirement that would otherwise apply to this submission, because BGS suppliers began paying these revised transmission charges effective January 1, 2013; and (2) approve the revised filing at the BPU's February 19, 2014 open agenda meeting.

We thank the Board for all courtesies extended.

Respectfully submitted,

> Re: Informational Filing Public Service Electric and Gas Company, Docket No. ER09-1257-000 2014 Formula Rate Modified Annual Update

Dear Ms. Bose:

Attached for informational purposes, please find the 2014 Modified Annual Update of Public Service Electric and Gas Company ("PSE&G") in the above referenced docket.

On October 15, 2013, PSE&G filed its Formula Rate Annual Update ("Annual Update") in accordance with the Commission Order at 124 FERC ¶ 61,303 (2008).¹ In accordance with the Formula Rate Information Protocols included in Attachment H-10B to the PJM OATT ("Formula Rate Protocols"), PSE&G subsequently reached an agreement with certain of its customers and, in accordance therewith, is on this date submitting a limited Section 205 filing for the sole purpose of examining whether the change agreed to by the parties to the Fixed PBOP expense to be included in PSE&G's formula rate is just and reasonable.

Also in accordance with the Formula Rate Protocols (section 1.g.), PSE&G is submitting this 2014 Modified Annual Update, which reflects the above-referenced agreement. The attachment has been submitted to PJM for posting on its Internet website.

This filing requires no action by the Commission. Thank you for your attention to this matter and please advise the undersigned of any questions.

Very truly yours,

Matthew M. Weissman

	PSE&G's real estate taxes detail is in an access database which contains a list of the towns PSE&G pays taxes to, which are billed on a quarterly basis for various parcels of property by major classification. Every parcel is associated with a Lot & Block number. These Lot & Blocks are identified to a particular type of property and are labeled. This is the breakout of transmission real estate taxes from total electric.

### Public Service Electric and Gas Company ATTACHMENT H-10A Attachment 6 - True-up Adjustment for Network Integration Transmission Service - December 31, 2014

The True-Up Adjustment component of the Formula Rate for each Rate Year beginning with 2010 shall be determined as follows:

- (i) Beginning with 2009, no later than June 15 of each year PSE&G shall recalculate an adjusted Annual Transmission Revenue Requirement for the previous calendar year based on its actual costs as reflected in its Form No. 1 and its books and records for that calendar year, consistent with FERC accounting policies. 2
- PSE&G shall determine the difference between the recalculated Annual Transmission Revenue Requirement as determined in paragraph (i) above, and ATRR based on projected costs for the previous calendar year (True-Up Adjustment Before Interest).
- (iii) The True-Up Adjustment shall be determined as follows:

True-Up Adjustment equals the True-Up Adjustment Before Interest multiplied by (1+i)^24 months

Where:

 i = Sum of (the monthly rates for the 10 months ending October 31 of the current year and the monthly rates for the 12 months ending December 31 of the preceding year) divided by 21 months.

No True-Up Adjustment will be included in the Annual Transmission Revenue Requirement for 2008 or 2009 since the Formula Rate was not in effect for 2006 or 2007.

² To the extent possible each input to the Formula Rate used to calculate the actual Annual Transmission Revenue Requirement included in the True-Up Adjustment either will be taken directly from the FERC Form No. 1 or will be reconcilable to the FERC Form 1 by the application of clearly identified and supported information. If the reconciliation is provided through a worksheet included in the filed Formula Rate template, the inputs to the worksheet must meet this transparency standard, and doing so will satisfy this transparency requirement for the amounts that are output from the worksheet and input to the main body of the Formula Rate.
